

LimHealth

Your dream, our goal

CONTRACT MANUFACTURING AND DEVELOPMENT

About us

Limhealth was founded in July 2014, driven by the passion for manufacturing of two professionals with deep roots in the pharmaceutical industry. They combined their extensive expertise and vision to create something truly unique.

With long careers in both the pharmaceutical and nutritional sectors, the founders bring a wealth of experience that has shaped the company. Their commitment to quality and innovation is reflected in every aspect of our production, where science and passion come together to create cutting-edge solutions.

The founders also firmly believe in the importance of human values and cultivating strong, positive relationships.

This commitment to integrity and collaboration is at the core of Limhealth, guiding every decision and interaction.

This is the story of a company that, thanks to the dedication and vision of its founders, has transformed passion into tangible results, always placing health, well-being, and meaningful relationships at the heart of everything we do.

Our strengths

Professionalism

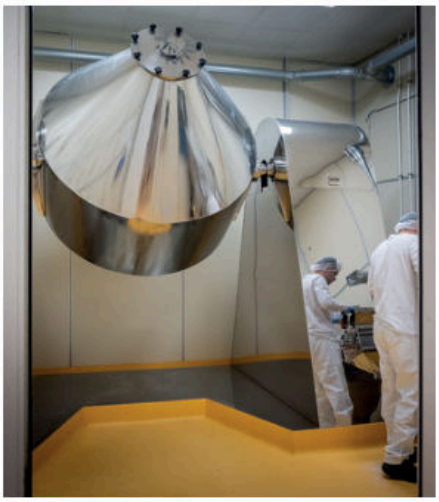
We approach every client's needs and all our internal processes with unwavering commitment and enthusiasm. Our professionalism drives us to deliver excellence at every step, ensuring your satisfaction is our priority.

Human Values & Relationships

We place a strong emphasis on the value of people and meaningful relationships. Listening to our clients and understanding their needs is at the heart of everything we do, enabling us to build lasting partnerships based on trust and collaboration.

Uncompromising Quality

Quality is our hallmark. We ensure that every product is the result of meticulous care and attention throughout every phase of production. From start to finish, we prioritize precision, consistency, and excellence in everything we do.



Punctuality

We understand the importance of time in business. That's why we guarantee timely delivery, so you can rely on us to meet deadlines and exceed expectations. Working with us means a partnership built on reliability.

Versatility

We thrive on bringing your ideas to life. Our team is flexible and eager to embrace new challenges, adapting our approach to fit your specific requirements. Whatever your vision, we're here to help make it a reality.

Flexibility

Whether you need small or large batches, we offer the flexibility to meet your production needs. No matter the size, we ensure high-quality results that align with your demands and timelines.

Competitiveness

Our competitiveness stems from the integrity with which we handle both the technical and financial aspects of our work. We are transparent, honest, and dedicated to offering cost-effective solutions without compromising on quality.

Your trusted partner in innovative supplement and medical device solutions

With passion and expertise, we develop, manufacture, and package food supplements and medical devices for third parties. We meet every customer need by guiding them through each step, from formulation to final packaging.

Our goal is to be a trusted leader in the design and manufacturing of food supplements, offering our expertise, confidentiality, and cutting-edge technologies to serve our clients. We are committed to creating products that promote well-being and health, all while respecting and protecting the environment.

Expertise and top-Quality standards for a Comprehensive service.

Location

Located near Milan, Italy, Limhealth benefits from an ideal position within Europe, ensuring efficient logistics, quick turnaround times, and the ability to easily cater to global markets.

Situated in one of Italy's most renowned production districts, famous worldwide for its excellence in manufacturing, we are proud to be part of a legacy of quality and innovation.
